

IC 75-4527

23 December 1975

25X1

MEMORANDUM FOR:

SUBJECT:

The Second Middle East Post Mortem

STAT

1. Unlike the first post mortem (events up to 6 October 1973), the second post mortem did not have a joint task force which produced written inputs from each agency. The second post mortem simply used what material was available at the time in published or raw report form. We know of no other drafts produced by other agencies on this subject.
